

Supplement to
the application
form for the
**MASTER'S
PROGRAMMES**

At University of Applied Sciences Europe (UE), your personality counts.
We want to get to know you.

01 Let us know what you are made of

*Why do you believe that you are an appropriate candidate for the UE master's programme?
Describe a personal or professional accomplishment of which you are particularly proud.
Tell us about your strengths and describe situations in which these were clearly
demonstrated.*

02 Describe your goals

*What are your career goals? What are your expectations of the master's programme at UE,
and how will the course help you in achieving your professional goals? Where do you see
yourself in three years? In which fields would you like to expand your qualifications?
What are your expectations in terms of the opportunities for professional, technical and per-
sonal development at UE?*

03 What does entrepreneurial spirit mean to you?

*How would you envision an entrepreneurial personality, in both thinking and behavior?
Give examples. What entrepreneurial challenges do you see in your current field?
Assume you are in a leadership position and you have the ability to hire an additional
employee for your department. What professional and personal selection criteria do you
consider important? Please explain.*
